This year's tournament supports our efforts with the Electri International. Electri International funds, conducts, coordinate and monitors the industry's most critical research and commission and deliver exemplary management education and supervisory training programs. Through our three Centers of Excellence: Research, Education, and International, ELECTRI commissions, coordinates and monitors critical research projects that are then delivered to all electrical contractors through the highest quality management education and supervisory training programs. The Talent Initiative focuses its attention on the best and brightest college students who would be an asset to the electrical construction industry. Working with NECA Chapters and on-campus faculty advisors, ELECTRI provides exciting competitions, volunteer international projects and scholarship opportunities for outstanding students across the country.
